

GBC

Return to Sport

August 11, 2020

GBC has constructed the following plan to assist the Association's return to sport. All restrictions outlined in this return to play update are in conjunction with state and federal governments' recent health advice. These restrictions are valid for both GBC and GBC Primary fixtures and anyone attending these fixtures is required to abide by these guidelines.

NUMBER OF ATTENDEES ALLOWED

To ensure all GBC schools remain within the allocated maximum gathering numbers, GBC sport will be conducted with a **maximum of one adult guardian allowed per participant (NO siblings)**. No other spectators are permitted on site. Due to restrictions on indoor venues, spectators will NOT be permitted to attend Volleyball games.

ARRIVE, PLAY, GO

Students participating in GBC sporting fixtures are to arrive at games prepared to play in uniforms, play their games and leave.

Change rooms will be closed so there are no facilities for changing or showering.

VENUE DIRECTIONS

Each school has multiple venues in use each Saturday. To ensure we remain within the parameters available to us, it is important that visitors follow the directions and only enter the venue areas that are specifically set aside for the games you have attended to view.

Visitors should ensure they use the correct entry and exit points for each venue and leave the premises once the game they were viewing has concluded.

STUDENTS

All players must arrive as directed for their match in full playing uniform. Check with your school for your scheduled match time. Players must bring their own named water bottle and any snacks required. Teams will be kept separate and only co-mingle in the course of play.

SOCIAL DISTANCING

Spectators are required to observe physical distancing of 1.5m at all times.

VENUE RESTRICTIONS

It is a condition of entry that every person attending a GBC fixture will comply with the protocols the Association has put in place, regardless of the school at which they attend fixtures.

You must follow the instructions of the COVID Bio-Safety Officer/s at all times.

You must follow the directions of signs and staff of the school at which you visit.

All spectators must use the QR Code for signing in at each venue.

As a result of attendance recording, each attendee must follow the signs and ensure you enter only the venues and spaces allocated to your team. You will be required to bring your own chair.

Accordingly, you should also follow the signs and park where required. Even if you need to walk further than usual, the parking areas and game times are structured to allow us to ensure we have no co-mingling of groups throughout the morning of GBC Sport.

If you have recently returned from overseas, feel unwell or display any signs of COVID-19 or reside at home with someone displaying symptoms of COVID-19 you are not to enter a GBC venue.

SPECIFIC SPORT GUIDELINES

Matches will be played in a 90 minute rotation with a maximum of 60 minutes play. There is a 10 minute change over allowed and a 20 minute warm up period. Players and spectators should NOT enter the field or court areas until directed to by the COVID Bio-Safety Officer.

CANTEEN AVAILABILITY

Canteen and coffee van facilities will NOT be open for patronage at GBC sporting events.
